TO THE MASSES:

The spring semester is quickly coming to a close as is my career as coeditor of the Carbon. This position has been enjoyable, educational, and self-rewarding. I would like to thank Roberta and Karen, Jill Krider, Susan Close, Roseann Wissel, Vince McCann, Neel Emmanuel, and certainly Dennis Hanley for their continued and consistent support, time, energy, talent and humor. All of you (and others too numerous to mention here) have been an enormous help in the publishing of the Carbon this year.

However, it is time I hand over my keys to the office and it's responsibilities, joys and frustrations to a new co-editor. Roberta and I are inviting all students to consider the prestigious position of co-editor for the 79-80 academic year. If you are interested in Journalism or want to channel your special talents, extra time and energy into a productive creative endeavor, then the Carbon is for you. Please contact, Roberta, Dr. Appleby or myself if you are interested or would like further details.

Sincerely,
Danine Bettice

DEAR MARIAN COLLEGE (THE PLACE I LOVE SO DEAR)

Whoever turned in the car license number that I am presently driving (and you know who you are) I hope a bird drops something on your head because I love you as much as this school loves me. You are to be considered a gift to mankind because you got the T.P. which is a well-wanted set of initials around this beautiful place. Don't you feel great!! You're a hero!! I love you, but I love triple Hemorrhoids, too. You thought I was going to have to be out five dollars, but all I have for you is my W_ny.

The Infamous T.P.
(The School's Lover)

(Ed. note. — Dear T.P., do you feel you have been persecuted? Surely, you have no right to react so hostilely, as you were clearly in the wrong by disobeying rules and knowingly ran the risk of getting caught parking in illegal areas. If you're upset because of being "turned in" then perhaps you could have expressed your feelings in a more mature way.)

TO THE MASSES:

I would like to congratulate Col. Wagner on living up to his reputation at Marian as the schools "tight old scrooge". He had the nerve to break up one of the schools (only) best times. We were merely sitting out in center field enjoying the game (Franklin-Marian) to the fullest. He made us remove our car—destroying our team's momentum — and taking away our bleachers (our poor,—(ed. expletive deleted) school couldn't afford real ones) Both teams were in favor of our presence—Franklin commented that they wish their school had as much spirit as we did. So I wish Col. would stay in his stupid office and mind his own business.

Baseball Fans.

(ed. note— We understand the reason you were asked to move your car was that it was parked in the grass near the center field fence. This request was made for a good reason. The ground is still very wet and cars cannot be driven (or parked) on it as this ruins the grass, not to mention the ruts you leave behind. While the Franklin team may have been impressed with your enthusiasm in all likelihood your departure did not "destroy" the Knight's momentum. And dusk fell as usual...)

Field Day is coming! Details on page 4.....

ACHTUNG!!

Monday at 6:00P.M. in Clare Hall lounge there will be an organizational meeting for all those who are interested in the International Club. Elections for officers will also be held.

FAITH BAND AND LATE SHOW

I first saw the Late Show at a dance at Ritter High school. At the time I was yelling for them to play Aerosmith for I was a follower of the latter. Little was I to know that in my 2nd year at Marian they would crank to the delight of hundreds. My friend, a roommate of the lead guitarist of Late Show, said before they came on that the bass player was not sure if he was going to get sick or what. Needless to say the band kicked. Looking forward to seeing them at the Vogue.

On to the main attraction. Again I first saw this band my junior year in high school (Northwest) at Sun Dancer, 3020 N. Lafayette Road (no longer in existence). Then they were just a local favorite (their previous album was released world wide, even to Japan) but they were still good for 200 bucks.

Tuesday the 24th on WFBO's midnight tracker I heard their new album, which will be out Tuesday (May 2nd.). It was great and I knew they were going to crank. Every member of the band was getting into the crowd at Marian. In fact, since their very first song when I ran to the stage I noticed the lead guitarist acknowledge Marian's reaction to the Band and how much we were getting into it.

What can I say...After every song they kept getting better. Each member of the band gave his full potential (I know it's redundant...F. E. I. T. C. T. A. J.) But for me and Wild Ass Tom Philpot the highlight of the evening came when we gave our rock'n'roll debut...(I'm a fool for you baby...) You all remember it was the ultimate number one buzz in the universe. Well, I think I will wrap it up here... thank you Marian College for providing such an excellent evening and thank you Late Show and Faith Band for showing Marian College that there is music that you can dance to and crank to. Disco Sucks. Kill the Beggies. Later, I'm booking to the Lake.

ADELE TYSON: DIRECTOR OF ELS

"A smaller city like Indianapolis and a beautiful college campus presents the best of all possible worlds to our students." Thus asserts Adele Tyson, director of the ELS.

The program is designed, basically, to teach students from other countries how to handle English grammar, reading and writing. This is done on nine levels of proficiency and with concentration on workshops, language labs and conversation.

Miss Tyson's pride in the center is justifiable. She feels that her teachers are the best to be found throughout the country. "Each teacher is completely capable of teaching every class at every level. And they do this without batting an eyelash," she exclaims.

Instructors speak only English to the 115 students currently enrolled. The use of foreign languages in the classroom is considered detrimental to progression.

The director and her staff want to "Give our students the skills that will enable them to compete successfully with American students." Therefore, attention is focused on the use of libraries, outlining and (Continued on page 5.)

HELP! HELP!!!

Due to technical difficulties the prom pictures taken for the yearbook did not develop. If anyone has pictures that the yearbook could use, they would be greatly appreciated. Please help us out. All pictures will be returned. Give your pictures to Joan Merkel (ext. 415), or Eileen Herbertz (ext. 404) by Wednesday. Thanks!!!!

TO CLAYTON WILSON:

Thank you for the fine article on the Health Clinic. Only exception to the article was: "One foreign student was rushed to the Hospital only three days after arriving with a case of hepatitis." It should have read, "needed an emergency operation."

There is no common case of hepatitis among American or foreign students. Hepatitis has been found here on campus only once and that was not a major problem.

Thanks again.

It sure was nice to see Slim Pickens again!!!

LOST & NOT FOUND.... One Kenny Loggins, NightWatch Album. Please return to Patsy Scollard.

Now that the 1979 yearbook is almost complete, we have begun to reorganize for the following book, The Marian '80.

Several of the staff members are staying on the "crew." However, we need a few more to make the publication team complete.

While we only need one or two more on the Photography and Layout staffs, we can use several on the Literary and Business staffs.

The literary angle for a yearbook takes a group of individuals who can use grammar properly, who are ready to research a topic for the facts and who can report them simply and accurately. The yearbook "style" of writing is not difficult to learn.

"Business" for yearbook publication entails, bookkeeping and sales skills. We are particularly interested in having on the staff people who want to improve those skills through some actual work. For those of you who are enticed by numbers, let me assure you that we are not counting nickels and dimes. It takes a real business oriented person to help keep the checks and bills balanced so that we have the \$7,000 (and more) when the bills come in!

If you are interested in being a part of the yearbook publication this coming school year, either leave your name with Mrs. Waters (the dean's secretary) or see me.

ACCOUNTING & BUSINESS MAJORS:

Anyone interested in being an advisor in J.A. (Junior Achievement) next year for 3 credit hours, contact Sue Hardesty (ext. 470). The program is under applied management in the catalog.

TO ALL MARIAN & ELS STUDENTS:

The Student Affairs Committee of Marian would like to invite all of you to the Student Recognition Program to be held this Sunday, April 29, at 7:30 pm. Fr. Widner will be the guest speaker. Looking forward to seeing you there, we are....

SEE PETER

There once was a man called See Peter
Who wrote out his column in meter.
"I'm really no poet,"
This will, of course, show it,
"My sympathies, then, to the reader."

If feeling a little bit miffed
Or sorely in need of a lift,
See Glass Menagerie
At eight (not ten or three)
In Peine, May fourth and May fifth.

Ben's making movies of Spam.
He said, "I film what I am.
I'M no kielbasa,
Bologna, or pasta,
In fact, I resemble canned ham."

Margo, that impudent bich,
Has hopes of striking it rich.
She wed three millionaires,
Ben, a Greek, and two bears,
But all she got was an ich.

Bette is under sedation.
The cause of her trepidation?
A doctor in Sweden
Wasn't up on his readin',
And screwed up her operation.

Tah!

See Peter (Tired & happy
after B & B, Pam & Jeff? Bill A. knows...)

A PUBLIC CHALLENGE

Due to circumstances beyond our control, we, the Mad Dogs, were forced to enter the Intramural Co-ed Volleyball Tournament without our entire team.

To give us the opportunity to show our true potential, we hereby challenge the winner of the tournament to a beer and pizza match at King Arthur's. Details will be worked out prior to the match to decide the winner.

Surely, this is a challenge no worthy champion could turn down.

Sincerely,
The Mad Dogs

P.S. It's your move.

HOME RUN HITTING CONTEST

The Home Run Hitting Contest is April 29. Details are posted on the Student Board Bulletin Board as well as the sign-up sheet.

ADELE TYSON

note-taking.

Ninety-eight percent of the students who've completed the course go on to attend colleges and universities in the United States. They're looking for the best education available in the areas of science, technology and medicine and feel this can be achieved in America.

Prior to assuming her current position last September, Miss Tyson was the center's Director of Courses for one year. Hers is now the final word on all policies at the center. She's grateful that her "Relations with students are fairly easy, wonderful nice."

Experience enables Miss Tyson to give a word of advice to both American students and their foreign peers in the area of getting along together. Orientation for ELS students puts "Much time and effort into courtesy, manners and how to deal with Americans successfully.

Likewise, she suggests that Americans "Don't assume a foreigner is making demands. Assume, instead, that they don't yet know how to express themselves in a way that is not offensive to you. Try to retain a sense of humor & a basic understanding of their problems."
